

validation\_api::Validation  
Server::ValidationServer

```
graph LR; A[validation_api::ValidationServer::ValidationServer] --> B[validation_api::ValidationServer::run]; B --> B;
```

The diagram consists of two rectangular boxes. The left box is white with a black border and contains the text 'validation\_api::ValidationServer::ValidationServer'. A straight blue arrow points from the right side of this box to the left side of the right box. The right box is gray with a black border and contains the text 'validation\_api::ValidationServer::run'. A curved blue arrow starts from the top of the right box and points back to the top of the same box, indicating a self-loop or a recursive call.
